Europese Simulatie Instructeurs Cursus Level 1

FEBRUARY 9-10-11 2023

Bilthoven, the Netherlands

Medical Training en Simulation (METS) Center

Start first day at 09:00 hr – course ending last day at 15:30 hr

We offer this special course - uniquely combining the expertise of different simulation centres and experienced multi-disciplinary instructors (physicians, nurses, medical educators, and a psychologist). The course provides a mixture of theory and practice and emphasizes feedback relevant for learning in a safe and stimulating atmosphere. Participants work in small groups with close instructor interaction. The course language is English, requiring being able to take part in conversations. Restrictions in the number of participants: minimum 12 participants, maximum 30 participants.

Target Group	Health care professionals who want to use simulators and simulations for teaching
Course Goals	Enabling participants to start running simulation-based courses for acute care medicine addressing issues of crisis resource management (CRM)
Course Contents	Familiarizing participants with the simulator and simulation environment; designing and running scenarios; debriefing (structures, difficulties, video use, annotation systems); errors in medicine and patient safety; principles of adult learning; course design; roles of the simulator instructor; networking
Methods	Experience, practice and feedback; theory inputs; hands-on workshops; structured reflections
Faculty	Experienced faculty from the simulation centres in Copenhagen, Denmark (CAMES), Tübingen, Germany (TuPASS), London, UK (BARTS), Bilthoven (METS), The Netherlands and other international partner centres.
Cost	The course fee is 1300.- Euros including lunches, soft drinks and coffee during the days, a reception day 1 and dinner day 2. Travel and lodging are not included.
Accommodation	Hotels within a prize range (starting with approx. 100 Euros per night) are available. (www.booking.com).
