Valuable learning

EuSim Simulation Instructor Course Level 1

Nov. 22 - 24, 2023

Oslo, Norway

OsloMetSim, Pilestredet 32

Start first day at 08:30 hr – course ending last day at 15:30 hr

We offer this special course - uniquely combining the expertise of different simulation centres and experienced multi-disciplinary instructors (physicians, nurses, medical educators, and a psychologist). The course provides a mixture of theory and practice and emphasizes feedback relevant for learning in a safe and stimulating atmosphere. Participants work in small groups with close instructor interaction. The course language is Norwegian, requiring being able to take part in conversations. Restrictions in the number of participants: minimum 12 participants, maximum 16 participants.

Target Group	Educators and other professionals who want to use simulators and simulations as a method for teaching and professional development
Course Goals	Enabling participants to start running simulation-based courses addressing issues of crisis resource management (CRM)
Course Contents	Familiarizing participants with the theories and pedagogy of simulation as a method; principles of adult learning; simulator and simulation environment; designing and running scenarios; facilitating different stages in simulation; debriefing (structures, difficulties, video use, annotation systems); errors in medicine and patient safety; ; course design; roles of the simulator instructor; networking
Methods	Experience, practice and feedback; theory inputs; hands-on workshops; structured reflections
Faculty	Experienced faculty from the simulation centres in Copenhagen, Denmark (CAMES), Stavanger, Norway (SAFER), and Oslo, Norway (OsloMetSim)
Cost	The course fee is 1600.- Euros including lunches, soft drinks and coffee during the days, and dinner day 2
